Went down to the delta

Am
To see what God had done

Em C
Soaked to the bone

Am
Baking in the sun

Em C
Streets of destruction

Am
The water left behind

Em C
Pulled on our gloves

B7
To ease our troubled minds

C Am Em C Am Em
Aaaahhhh, in the delta in the sun

Early in the morning

below the watermark

Em C
Close to the levee

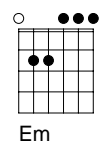

Am
Its quiet in the dark

Em C
Then you hear the hammer

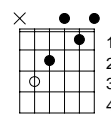

Am
the buzzing of a saw

Em C
hearts and hands rebuilding

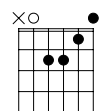

B7
to the glory of the Lord
