G G/B C Asus4 D G

G G/B C
Well, he's broken through the locks
G G/B D
now he's standing in the door
G G/B D
he's got murder in his hands
Asus4 D G
gonna even up the score

G G/B C
you think that he's tough as nails
G G/B C
baby, that's a loaded gun
G G/B C
you'd like to stand and fight
Asus4 D G
seems he's got you on the run

Chorus

C G/B
White knuckled, holding on too tight
D/F# G
Shaking that fist with all of your might
C G/B
Angry words and the slam of the door
A7 D
"I promise you, mister, I won't take anymore"

G G/B C
Terror kicks you like a mule
G G/B C
Leaves you coughing in the dust
G G/B C
And when at last the air is clear
Asus4 D G
You've forgotten who to trust

G G/B C
So you pack up all your gear
G G/B C
Find that line drawn in the sand
G G/B C
You're a soldier, now, my son,

Asus4 D G
So you can die just like a man

Chorus

C G/B
White knuckled holding on too tight
D/F# G
Shaking that fist with all of your might
C G/B
Angry words and the slam of the door
A7 D
"I promise you, mister, I won't take anymore"

G G/B C
And the story just rolls on
G G/B C
Hate for hate and pain for pain
G G/B C
Even if you win this time
Asus4 D G
The intruder comes again

Only Love can mend a heart, Only Peace can ever last

Only God knows what is just, but only you can choose the path
