

Where are your tears

Russell Lawson

^G we talked about breaking up so many times before
^D not believin' that we'd ever follow through
^C sadness overcame us now we stand at the final door
^G still I'm wondering if your love was true

Chorus

^C where are your tears, where are your tears
^D were you telling a lie when you said that you'd cry
^G were you faking it all these years
^C where are your tears

I can hear you telling me how sad that you would feel
when our life together finally would end
and I kept on believing you and what you said was real
thinkin' that you'd always want to be my friend

REF

now that we will say goodbye, I sigh and think of you
independent; not being last, not being first
and in the back of my mind I hear you time after time ?don't be mean don't make me bl
well, I could change the wine but I couldn't quench your thirst

REF x 3 with last a capella
